MIDNIGHT DESK · GTA VI

Story-mode cheat sheet

PlayStation 5 · Xbox Series XIS

Finish the main story and check Progress for your unlocked cheats. Open the in-game phone with D-pad Up. Hold L1 and press R1 on PS5, or hold LB and press RB on Xbox. Enter the row's sequence with the D-pad. Save first because cheats disable saving and trophies or achievements during the session.

D-pad · up, right, down, left
